

### 2431 ATHLETIC COMPETITION

#### M

The Board of Education recognizes the value of a program of athletic competition for both boys and girls as an integral part of the total school experience. Game activities and practice sessions provide opportunities to learn the values of competition and good sportsmanship. Programs of athletic competition, both intrascholastic and interscholastic, offer students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that offered by the class or school or school district alone, and an opportunity for career and educational development.

For purpose of this Policy, programs of athletic competition include all activities relating to competitive sports contests, games, events, or sports exhibitions involving individual students or teams of students when such events occur within or between schools within this district or with any schools outside this district. The programs of athletic competition shall include, but are not limited to, high school interscholastic athletic programs, middle school interscholastic athletic programs where school teams or squads play teams or squads from other school districts, and/or intramural athletic programs within a school or among schools in the district and any cheerleading program or activity in the school district.

#### Eligibility Standards

A student who wishes to participate in a program of athletic competition must submit, on a form provided by the district, the signed consent of his/her parent. The consent of the parent of a student who wishes to participate in a program of athletic competition will include an acknowledgment of the physical hazards that may be encountered in the activity.

Student participation in a program of athletic competition shall be governed by the following eligibility standards:

2. A student in grades 6 through 8 is eligible for participation in school district sponsored programs of athletic competition.
